Herbaceous Peonies

THE Peony is truly a most noble flower, no other so dear to the human heart; it rivals the rose in brilliancy of color and perfection of bloom, while greatly surpassing it in size and stately grandeur. They are of the easiest culture, most vigorous habit and free from disease and insects.

The foliage is rich, glossy and ornamental, even when the plants are not in bloom. Many of the varieties are quite fragrant and no other flower is so well adapted for large and showy bouquets. The peony has become the principal flower for Memorial Day as well as for weddings and all kinds of social functions in June.

Plant peonies this year, plant lots of them in rows, beds or as specimen plants on the lawn. They make a grand show. Many of the choice varieties are beauties, to see them is to love them, which makes one wonder if their loveliness could ever be surpassed. It is my ardent desire to propagate only the most refined collection of peonies the world can produce; many were imported direct from France from the famous gardens at Nancy and Chenonceaux, others from England, Japan, etc.

The best time to plant peonies is from September 1 until the ground freezes; they may be left undisturbed for years.

The plants which we furnish have three to five eyes and most varieties will give bloom the first year from planting.

Our prices are as low as good plants can be furnished. After all, it is not what one pays for an article, but what they get for their money.

One good peony root is worth a dozen poor roots, and one superior variety is worth a dozen of the common sorts.

Orders should be sent in as early as possible to insure prompt delivery or shipment.

TERMS---Cash with the order, unless special terms have been previously arranged. No account opened for an initial order of less than \$10.00.

REMITTANCES should be made by post office or express money order, or bank draft. If currency or cash is sent, your letter should be registered.

Plant a few peonies this year and make your garden smile. Have your order booked early as I have only a limited amount to spare each season of many of the choice varieties.

Festiva Maxima Peony.

Blue Ridge Peony Gardens

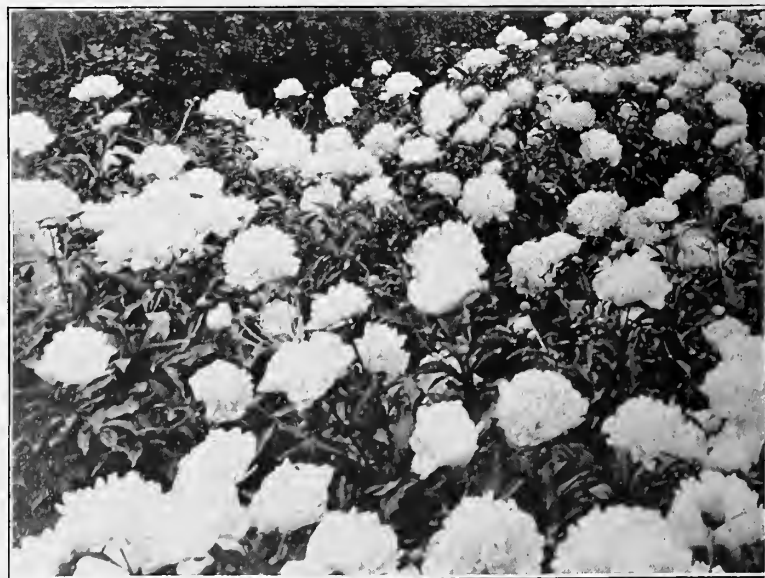

STANLEY C. ROSENFELD, Proprietor
